Why Attend the Symposium ARAE 2023 ?

Dear partner,

On behalf of local organizing committee of the international Symposium on Antimicrobial Resistance in Animals and the Environment, we are delighted to invite you for the upcoming ninth edition that will be held between 3th to 5th of July 2023 in the nice and dynamic city of Tours.

We expect to receive the visit of 150-200 participants from many European countries as well as Asia, Canada, USA during 3 days covering all parts of antimicrobial resistance issues. Experts, scientists, researchers will be here to share their more recent findings.

- The duration of visibility is 6 months before the event.
- your company will be visible in all our communication media: website, newsletter, events, program.

We are excited to see you in Tours, and we really hope you will join our business partner's community to make ARAE 2023 a great success.

Benoît Doublet, chair of the ARAE 2023 Organizing Committee

300 m² of
exhibition space

150 participants

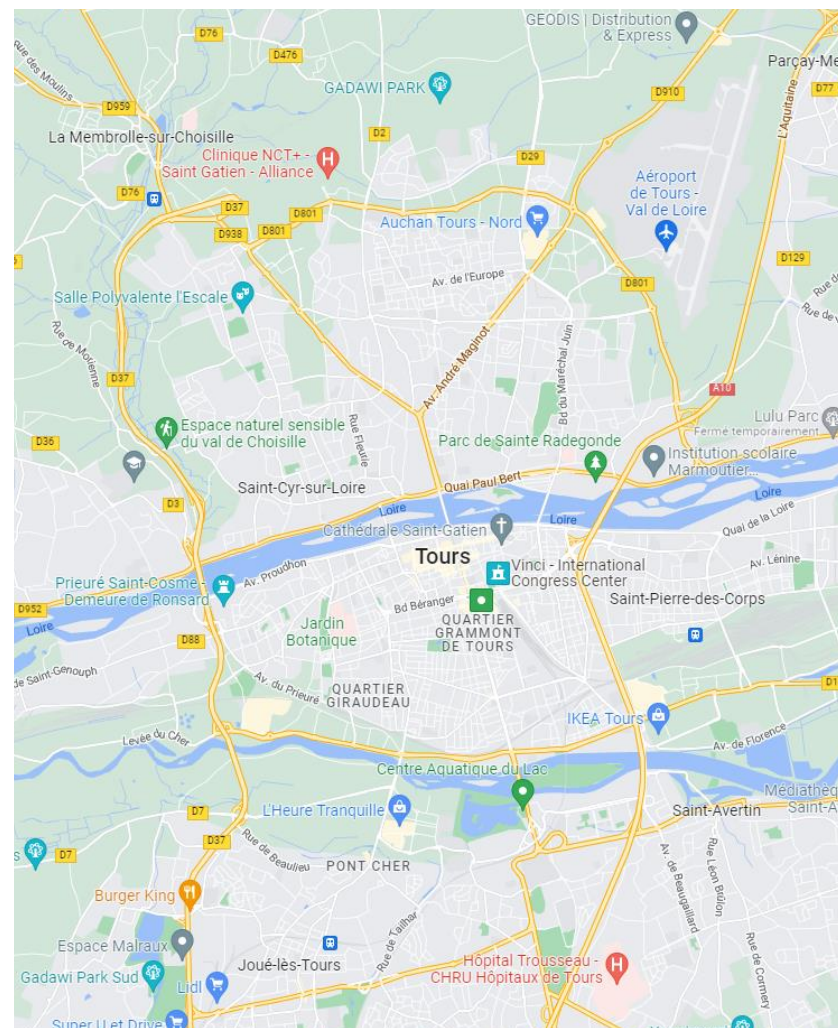

3 days of the
latest science
